

## OUR MISSION

To create a supportive environment for persons with disabilities which enhances knowledge, skills, engagement and independence through inclusive education, rehabilitation, community outreach and partnerships with government and other relevant organizations.

« Disability is not inability »

## OUR VISION

To build a society where social inclusion, empowerment, and equal rights of persons with disabilities are guaranteed. Our approach to promoting the well-being of our members will serve as a model of removing barriers in society based on our belief that *disability is not inability*.
